

Reduce Costs

This cost comparison is based on 2014 Cost of Attendance figures required annually by the Department of Education. This chart reflects the costs for a two-year Associate's Degree versus a four-year Bachelor's Degree. The tuition and fees are based on a WV resident, not living with parents.

The median salary data in this publication is supplied by Economic Modeling Specialists International historic labor market information, which is compiled from 90+ data sources, and updated quarterly to ensure the most precise regional figures. Median salary figures represent all careers postings in BridgeValley service region.

Machine Tool Technology

The Machine Tool Technology Associate and Certificate degree programs provide a highly interactive hands-on course of study that prepares graduates for careers in modern industry.

Machinists set up and operate a variety of computer-controlled and mechanically-controlled machine tools to produce precision metal parts, instruments, and tools.

The MTT program courses are offered two days a week in approximately 8-hour blocks. The certificate can be completed in two semesters, while the associate degree requires five semesters, one of which is a summer semester.

Potential Careers & Salaries

Machinists use their knowledge of the working properties of metals and their skill with machine tools to plan and carry out the operations needed to make machined products that meet precise specifications. Job titles may include:

Description	Median Salary/Hour
Model Makers, Metal and Plastic	\$29.47
Structural Iron and Steel Workers	\$16.66
Structural Metal Fabricators and Fitters	\$19.75
Machinists	\$18.71

BridgeValley Community and Technical College is an equal opportunity/affirmative action institution and does not discriminate against any person because of race, gender, age, color, religion, disability, national or ethnic origin.
